Playful Innocence

The Primary Program

Toddlers

Teachers in the Primary Program gently guide our youngest children as they take their first steps towards discovering the world around them and learning.

The natural inquisitiveness within a child is nurtured as they explore their curious surroundings under the careful watch of our teachers and caregivers. Encouraged to let their imaginations loose, children begin to gain self-confidence and independence.

Children take pride in their accomplishments and are enthusiastic about

learning. Learn through play is the primary teaching tool as they discover what learning is all about !!!

Pre-School Highlights

- Heavy emphasis on kindergarten preparation through early development of reading, math, and writing skills—excellent preparation for Al-Huda Elementary School.
